Cultural Trust Coalition

Special Thanks to our builders & volunteers who made this possible:

SK Construction (Scott Kelso, Russ Metz, Chris Holte)

Stepleton Electric (Wayne Stepleton, Shadd Samio, & Jace Justus), Ruban Melendrez & Ricardo Sotelo, Gary McClellan, Lisa Corcostegui and numerous volunteers.

Special Thanks to those with the vision & persistence to make it happen:

Scott Fairley saw the vision and had discussions with Mike McLaughlin, who coined the phrase of Vale as “the Greenest Little City in all of Oregon” during his time as Vale’s Mayor. They walked the grounds discussing the positive community use of the Grand Opera House, a Drexel Foundation Art Center, and electric vehicle charging stations.

Thank you to all involved in all the community discussions: 2016-17 Economic development meetings, 2018 Creating Inclusive Communities, Everyday Leaders, 2019 “Engaging Young Voices in Shaping our Community” VHS students, Frank Yraguen, The Ontario Basque Club, the Vale Mural Society, John Breidenbach, Todd Fuller who all supported the communities vision, and Sandijean Fuson for being the catalyst to see it thru.

THANK YOU 2022
